3rd March 2022

AIREDALE JUNIOR SCHOOL - YEAR 3 OUTDOOR SPACE PROJECT

Dear Parents/Carer,

Year 3 are starting an exciting project using our outdoor space. We intend for this project to be long term and would like your help!

Our project is to create an outdoor space where we can grow plants for decoration and food, learn all about looking after them and promote positive mental health and wellbeing using green spaces.

Part of the project will be to support the children to help make the space into a fabulous outdoor learning environment for us all to enjoy. To help the children create their designs and ideas for the area, we are going to hold a fundraising day. Children will then be able to learn to budget with the money they raise and make the best selections for the outdoor space.

On Monday 7th March we would like to invite the children to come in non-uniform (clothes suitable for outdoor work) and bring in a small donation (we suggest 50p). We will launch our project with them which will incorporate work for the Platinum Jubilee, through the Queen's Green Canopy and Grow it Wakefield.

We would welcome any spare packets of seeds/ pots etc you may not need at home as we will certainly make use of them! Thank you very much in advance for all your cooperation with this and keep an eye out on seesaw where we will be sure to keep you updated with our progress!

Thank you,

The Year 3 Team.
